INDEPENDENT AUDITOR'S REPORT

December 6, 2010

Honorable Mayor
Members of the City Council
Spanish Fork City, Utah

Mayor and Council Members:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Spanish Fork City, as of and for the year ended June 30, 2010, which collectively comprise Spanish Fork City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Spanish Fork City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Spanish Fork City, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, and the budgetary comparison for the general fund thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages MDA-1 through MDA-9 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 6, 2010, on our consideration of Spanish Fork City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Spanish Fork City's basic financial statements. The combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Certified Public Accountants

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Spanish Fork City, we offer readers of Spanish Fork City's financial statements this narrative overview and analysis of the financial activities of Spanish Fork City for the fiscal year ended **June 30, 2010**. We encourage readers to consider the information presented here in conjunction with the financial statements which follow this section.

FINANCIAL HIGHLIGHTS

- The total net assets of Spanish Fork City increased **\$9,868,918** to **\$204,034,747**. The governmental net assets increased by **\$5,510,488** and the business-type net assets increased by **\$4,358,430**.
- The total net assets of **\$204,034,747** are made up of **\$ 160,622,050** in capital assets net of related debt and **\$43,412,697** in other net assets.
- The General Fund (the primary operating fund) had an increase in its fund balance of **\$ 123,919**.
- The City's total long-term liabilities decreased by **\$ 2,176,457** during the current fiscal year.

REPORTING THE CITY AS A WHOLE

This discussion and analysis is intended to serve as an introduction to Spanish Fork City's basic financial statements. Spanish Fork City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes other supplementary information in addition to the basic financial statements.

The government-wide financial statements are designed to provide readers with a broad overview of Spanish Fork City's finances, in a manner similar to a private-sector business.

- *The statement of net assets* presents information on all of Spanish Fork City's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Spanish Fork City is improving or deteriorating. However, you will also need to consider other non-financial factors.
- *The statement of activities* presents information showing how the City's net assets changed during the fiscal year reported. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus all of the current year's revenues and expenses are taken into account regardless of when cash is received

or paid. Both of the government-wide financial statements distinguish functions of Spanish Fork City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The government-wide financial statements can be found on pages 3-4 of this report.

REPORTING THE CITY'S MOST SIGNIFICANT FUNDS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Spanish Fork City also uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

- **Governmental funds** - These funds are used to account for the same functions reported as governmental activities in the government-wide financial statements. These fund statements focus on how money flows into and out of these funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps users determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in a reconciliation included with the fund financial statements.

The only major governmental fund (as determined by generally accepted accounting principles) is the General Fund. The balance of the governmental funds is determined to be non-major and is included in the combining statements within this report.

- **Proprietary funds** - Spanish Fork City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Spanish Fork City uses enterprise funds to account for its Electric Utility, Water Utility (Culinary and Pressurized Irrigation), Sewer Utility, Solid Waste Collection Utility, Storm Drainage Utility, Golf Course Operations, Swimming Pool and Gun Club. Internal service funds are an accounting device used to accumulate and allocate costs internally among Spanish Fork City's various functions. The City uses an internal service fund for maintenance of its vehicles and equipment. Because this service primarily benefits governmental activities, it has been included with governmental activities in the government-wide financial statements. As determined by generally accepted accounting principles, the Electric, Water and Sewer enterprise funds meet the criteria for major fund

classification. The other enterprise funds are classified as non-major and are included in the combining statements within this report.

- **Fiduciary funds** - These funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting method used for these funds is much like that used for proprietary funds.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of Spanish Fork City, assets exceed liabilities by **\$205,093,858**.

By far the largest portion of Spanish Fork City's net assets (**\$160,622,050 or 79%**) reflects its investment in capital assets (e.g., land, buildings, infrastructure assets, and machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following table summarizes the City's net assets.

Spanish Fork City's Net Assets

	Governmental Activities		Business-type Activities		Total	
	2010	2009	2010	2009	2010	2009

FINANCIAL ANALYSIS OF GOVERNMENT'S FUNDS

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spend-able resources. Such information is useful in assessing the City's financing requirements. As of the June 30, 2010, the City's governmental funds (General, Debt Service, Special Revenue & Capital Project Fund) reported combined fund equity of **\$10,575,781**. This represents an increase of **\$1,177,754 over** last year's ending balances. This increase is the results of both a planned budget transfers of funds being held for the Capital Projects Fund and the appropriation of the beginning fund balance. The General Fund is the chief operating fund of the City. All activities which are not required to be accounted for in separate funds either by state or local ordinance or by a desire to maintain a matching of revenues and expenses are accounted for in this fund. Capital project funds are used to account for the acquisition of capital assets with transfers made from the General Fund and other funds.

Taxes continue to be the largest source of revenue in the Governmental Funds (**\$8,188,063**) and represent **58%** of total governmental funds revenues. The largest element of taxes is **sales and use taxes** as it has been for the last several years. The **sales and use taxes** represent **64%** of total tax revenues and **37%** of total Governmental Funds revenues.

As stated earlier, the City maintains several enterprise funds to account for the business-type activities of the City. The separate fund statements included in this report provides the same information for business-type activities as is provided in the government-wide financial statements. However, the difference is that the fund statements provide much more detail.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the fiscal year, the General Fund original budget was amended from an original budget expenditure total of **\$ 15,447,647** to a final budget of **\$ 15,657,580**. A major contributing factor in the increase was the budget increase to the use of beginning fund balance. During the fiscal year, the City had some capital expenditures it had not for seen at the time of the original budgeting process.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets - Spanish Fork City's investment in capital assets for its governmental and business-type activities as of June 30, 2010, amounts to **\$ 192,635,401** (net of accumulated depreciation). This investment in capital assets includes land, buildings and systems, improvements, infrastructure (streets, sidewalks, curb and gutter, etc.), and machinery and equipment. Capital assets include contributed infrastructure from developers.

Major capital asset events during the current fiscal year included the following:

Streets Improvements:

1. Maintenance and Rebuilding of existing roads for 1,491,107
2. Equipment for \$33,800

Parks Improvements:

1. River Reclamation Improvements for \$51,027
2. North Park Improvements for \$2,967,892
3. Overlays at Swenson Park for \$46,931
4. Purchase of land easements for River Reclamation for \$452,035

Library Books & Media for \$86,911

Water and Pressurized Irrigation Improvements:

1. Meters for \$110,791
2. PI Pond Pump for \$245,133
3. Water Replacement Projects for \$102,413
4. UDOT 400 N Overlay for \$116,340
5. 5MG WTR. TK-Sterling Hollow for \$289,381
6. Water Master Plan Model for \$38,131
7. Well House Rebuild for \$89,681
8. Golf Course PI Pond for \$303,140
9. Purchase of Water Rights for \$436,623

Sewer Improvements:

1. Trunk Line & Siphon Upsize (IF) for \$180,179
2. New Digester Engine for (IF) \$51,345
3. River Levee for \$477,992
4. Nebo, Sterling, & Canyon CIP for \$169,572
5. New Digester & Common Equip. (IF) for \$1,134,330
6. I&I Study for \$35,285
7. SUVMWA Land (IF) for Reg WWTP for \$182,295

Electric Improvements:

1. New Reclosers & Relays Whitehead for \$95,389
2. Reconductor 50 E Fr: 2100 N for \$26,129
3. Three Phase Metering for \$297,424
4. 138/45KDV to 12KV Sub Construction for \$1,093,258
5. (IF) New SUVPS Projects for \$247,500
6. Distribution for \$109,522
7. Land for \$328,947

Garbage Cans for \$35,760

Storm Drain Improvements:

1. Rees Ave AD Project for \$50,345
2. Storm Drain Masterplan (IF) for \$40,505

Spanish Fork City Network:

1. Purchase of Building for \$193,500
2. SFCN Plant/Head End Improvements for \$384,878

Equipment Purchases:

1. Hustler Super Mower for \$8,945
2. Workman HDX for \$17,476
3. Toro 6700D Mower for \$54,991
4. Golf Cart Lease for \$308,281
5. 3 Yamaha Carts for \$19,209
6. Kabota Utility Cart for \$13,564

The following table summarizes the City's changes in Capital Assets.

Spanish Fork City's Capital Assets

	Governmental Activities		Business-type Activities	
	2010	2009	2010	2009
Land	\$ 10,199,967	\$ 9,747,932	\$ 1,952,189	\$ 1,440,946
Water Shares	-	-	4,172,234	3,754,740
Buildings	19,857,691	20,848,709	4,447,302	4,423,328
Improvements	13,892,007	11,298,711	98,441,991	92,401,742
Equipment	3,276,805	3,826,421	4,145,162	3,676,327
Infrastructure	32,250,053	30,585,939	-	-
Total Net Assets	<u>\$ 79,476,523</u>	<u>\$ 76,307,712</u>	<u>\$ 113,158,878</u>	<u>\$ 105,697,083</u>
Net of Depreciation				

Additional information on the City's capital assets can be found in the footnotes to this financial report and also the supplemental section.

Long-term debt - At June 30, 2010, the City had total bonded debt outstanding of **\$ 32,885,328**. **\$12,262,000** is debt secured solely by specific revenue sources (i.e., revenue bonds within the Electric and Water Utilities). **\$20,623,328** is debt secured solely by tax sources (i.e., Sales Tax revenue and Property Tax increment for the RDA).

The following table summarizes the City's changes in Long-term debt.

	Spanish Fork City's Outstanding Debt			
	Governmental Activities		Business-type Activities	
	2010	2009	2010	2009
Capital Lease	\$ 199,484	\$ 93,638	\$ -	\$ -
Accrued Vacation & Sick Leave	1,160,254	1,119,109	462,025	492,836
Revenue Bonds	<u>20,623,328</u>	<u>20,375,000</u>	<u>12,262,000</u>	<u>13,720,000</u>
Total Outstanding Debt	<u>\$ 21,983,066</u>	<u>\$ 21,587,747</u>	<u>\$ 12,724,025</u>	<u>\$ 14,212,836</u>

State statutes limit the amount of general obligation debt (G.O.) a governmental entity may issue to 4% of its total taxable value of **\$1,280,015,180**. The City currently has no outstanding general obligation debt. The current limitation for the City is **\$51,200,607** which is significantly in excess of the City's outstanding general obligation debt. In addition, state statute allows for an additional 4% to be used for water, sewer, or electrical projects thus resulting in a debt limit of 8% of total taxable value. The current limitation for these water, sewer and electrical projects is thus **\$102,401,214** which again significantly exceeds the outstanding business-type activity debt.

Additional information on the outstanding debt obligations of the City can be found in the footnotes to this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The unemployment rate for Utah County (of which Spanish Fork is one of the principal municipalities) was 5.8% compared with a state unemployment rate of 6.2 % and a national rate of 9.8 %. (Source: Utah Dept of Workforce Services)
- The General Fund budget for the fiscal year-ending June 30, 2011 reflects a decrease of 10% under the final budget for the fiscal year-ended June 30, 2010. The largest part of this decrease is a result of the decrease in capital spending for the current year. This decline in spending is a result of declining general fund revenues. Some increases in individual departments are results in increase personnel and benefits combined with general inflation in the operational portions of the budget. Some capital improvements budgeted for the FY 2011 include:
 1. Water Rights Purchases.
 2. Water line replacements.
 3. Sewer line replacement.
 4. Additional Trail Projects.
 5. Electrical distribution substation.
 6. Hardware for new broadband nodes.

7. Storm Drainage System Expansion.
8. Pressurized Irrigation System Expansion.
9. Sidewalk replacement and repair various areas of town.
10. Purchase of mowers & carts.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Spanish Fork City's finances for all those with an interest in the City's finances. Questions concerning any information provided in this report or requests for additional financial information should be addressed to: Finance Director, Spanish Fork City, 40 South Main St, Spanish Fork, UT 84660.

**Spanish Fork City
Reconciliation of Total Governmental Fund Balances to
Net Assets of Governmental Activities
June 30, 2010**

Total fund balances - governmental fund types: \$ 10,575,781

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

City's portion of joint ventures	2,671,738	
Cost of capital assets	121,300,204	
Accumulated depreciation	<u>(41,823,681)</u>	
Net adjustment to increase fund balance - total governmental funds to arrive at net assets - governmental activities		<u>82,148,261</u>

Internal Service funds are used by management to charge the cost of motor pool to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets, but not in the Balance Sheet - Governmental Funds

(947,439)

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.

Accrued interest payable	(186,120)	
Non-current liabilities due within one year	(1,049,484)	
Compensated absences	(1,139,682)	
Unamortized Bond Premium	(212,525)	
Non-current liabilities due in more than one year	<u>(19,525,000)</u>	
Net adjustment to reduce fund balance - total governmental funds to arrive at net assets - governmental activities		<u>(22,112,811)</u>

Net assets of government activities \$ 69,663,792

Spanish Fork City
Reconciliation of the Statement of Revenues, Expenditures and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2010

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds \$ 1,177,754

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Outlay	3,661,829	
Depreciation Expense	<u>(3,851,720)</u>	
Net adjustment to increase net changes in fund balances- total governmental funds to arrive at changes in net assets of governmental activities		<u>(189,891)</u>

The net effect of various miscellaneous transactions in involving capital assets (i.e., sales, trade-ins, and donations) is to increase (decrease) net assets.

Governmental funds only report the disposal of fixed assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. This is the amount that proceeds exceed the gain on the statement of activities.	(592,737)
---	-----------

The statement of activities reports capital contributions from developers as revenue. Conversely, governmental funds do not report any capital contributions from developers as revenue.	<u>3,951,510</u>
--	------------------

3,358,773

Internal service funds are used by management to charge the cost of motor pool to individual funds. The net revenue of certain activities of internal service funds are reported with the governmental activities.	341,336
--	---------

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect of net assets. This amount is the net effect of these differences in the treatment of long-term debt and related items.	844,376
--	---------

Some revenues expenses reported in the statement of activities do not add to or require the use of current financial resources and, therefore, are not reported as revenues or expenditures in the governmental funds. Change in compensated Absences	<u>(18,729)</u>
--	-----------------

Change in net assets of governmental activities	<u><u>\$ 5,510,488</u></u>
---	----------------------------

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City complies with generally accepted accounting principles (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements and the fund financial statements for the proprietary funds, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. For enterprise funds, GASB Statement Nos. 20 and 34 provide the City the option of electing to apply FASB pronouncements issued after November 30, 1989. The City has elected not to apply those pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

1.A. FINANCIAL REPORTING ENTITY

The City of Spanish Fork was incorporated in 1855 under the laws of the State of Utah. The city operates under a Mayor-Council form of government. The City provides municipal services under the following organizational structure.

Mayor and City Council: Mayor and City Council, Community Promotion, and Advisory Boards and Commissions.

City Administration: City Administrator, Risk Management, Emergency Operations, Recorder, Community and Neighborhood, and Computer Services.

Financial Services: Finance Director, Treasurer, Utilities, Accounting, Facilities, and Purchasing.

City Attorney: Legal Services, Prosecution, Civil and Environmental Law, and Personnel.

Development Services: Economic Development, Planning and Zoning and Code Enforcement.

Public Safety: Police, Fire, Ambulance, Animal Control and Justice Center.

Public Works: Streets, Engineering, Building Inspections, Parks, Fleet Maintenance, Culinary Water and Pressurized Irrigation Services, Sewer Services, Electric and Broadband Services, Solid Waste Services, Street Lighting and Storm Drainage Services.

Recreation: Swimming Pool, Recreation Programs, Building and Grounds, Golf Course, Senior Center, Special Events and Arts Council Programs.

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

Library: Library Administration and Public Services.

The City is a municipal corporation governed by an elected five-member Council and Mayor. As required by generally accepted accounting principles, these financial statements present the City (primary government) and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. The component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationships with the City.

The Redevelopment Agency is governed by a separate governing board, who are the City's Mayor and Council. The financial statements of the Redevelopment Agency are included in the accompanying financial statements as a blended component unit as a Special Revenue Fund.

1.B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-wide Financial Statements:

The Statement of Net Assets and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. For the most part, the effect of inter-fund activity has been removed from these statements. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function, or segment, are offset by program revenues. Program revenues are those that are clearly identifiable with a specific function or segment. Programs revenues include 1) charges to customers or applicants who purchase, use directly or benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditure/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund

The General Fund is the primary operating fund of the City and always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Debt Service Fund

The Debt Service Fund account for the resources accumulated and payments made for principal and interest on long-term general-obligation debt of governmental funds.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for certain purposes. The reporting entity reports the Redevelopment Fund (RDA) as a Special Revenue Fund.

Capital Project Fund

The Capital Project Fund is used to account for resources designated for the acquisition or construction of specific capital projects or items. The reporting entity includes only four Capital Project Funds and it is used to account for the acquisition of capital assets with transfers made from other funds. The reporting entity includes the Major Capital Project funds of North Park Development. The reporting entity also includes the Non-Major Governmental fund of River Reclamation fund.

Proprietary Fund

Enterprise Fund

Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the Water, Sewer, Electric, Garbage, Golf Course, Swimming Pool, Storm Drainage, and Gun Club funds.

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

Internal Service Fund

Internal Service Funds account for fleet management services provide to other departments or agencies of the government on a cost reimbursement basis.

Major and Nonmajor Funds

The funds are further classified as major or non-major as follows:

<u>Fund</u>	<u>Brief Description</u>
Major:	
General	See above for description.
Capital Projects Fund– North Park Development.	Accounts for the accumulation of funds, revenues and expenditures on projects such as the North Park Development.
Enterprise Funds:	
Water, Sewer and Electric	Accounts for revenues and expenditures of water, sewer and electric utilities. These funds also account for the accumulation of resources for, and the payment of, long term debt principal and interest associated with these utilities. All costs are financed through charges to customers with rates reviewed regularly and adjusted, if necessary, to ensure the integrity of the funds. Water Fund consists of culinary and secondary water systems. Electric Fund consists of electric and broadband systems. Sewer Fund consists of sewer collections and sewer plant systems.
Nonmajor Governmental Funds:	
Debt Service Fund	The Debt Service Fund account for the resources accumulated and payments made for principal and interest on long-term general-obligation debt of governmental funds.
Special Revenue Fund (RDA)	Accounts for activity within the City’s redevelopment agency.
Capital Projects Fund	Accounts for the accumulation of funds, revenues and expenditures on projects such as the River Reclamation Project and Police / Court Building.
Nonmajor Enterprise Funds:	
Garbage Fund	Accounts for revenues and expenditures of

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

	the garbage utility.
Golf Course Fund	Accounts for revenues and expenditures of Spanish Oaks Golf Course.
Swimming Pool Fund	Accounts for revenues and expenditures of the swimming pool.
Storm Drainage Fund	Accounts for revenues and expenditures of storm drainage utility.
Gun Club Fund	Accounts for revenues and expenditures of the gun club.
Internal Service Funds:	
Motor Pool	This fund is used to account for the costs of operating and maintaining vehicles and equipment owned by the City.

1.C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Assets and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus as defined in item b. below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net assets.

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

- c. Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Basis of Accounting

In the government-wide Statement of Net Assets and Statement of Activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds and agency funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. The proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principle ongoing operations.

Sales taxes, use taxes, franchise taxes, and earned but un-reimbursed state and federal grant associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Property taxes are measurable as of the date levied (assessed) and are recognized as revenue when they become available. Available means when due, or past due and received within the current period or collected soon enough thereafter to be used to pay liabilities of the current period. All other revenues are considered to be measurable and available only when the City receives cash.

As a general rule, the effect of inter-fund activity has been eliminated from the government financial statements. Exceptions to this general rule are payments to the general fund by various enterprise funds for the providing of administrative and billing services for such funds. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. Another exception is the plant assessment charged by the electric fund to the water and sewer funds for the use of assets owned by the electric fund.

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

1.D. ASSETS, LIABILITIES, AND EQUITY

Cash and Investments

For the purpose of the Statement of Net Assets, “cash, including time deposits” includes all demand, savings accounts, and certificates of deposits of the City. For the purpose of the proprietary fund Statement of Cash Flows, “cash and cash equivalents” include all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less. Investments of the promissory note trustee accounts are not considered cash equivalents.

Investments are carried at fair value except for short-term U.S. Treasury obligations with a remaining maturity at the time of purchase of one year or less. Those investments are reported at amortized cost. Fair value is based on quoted market price. Additional cash and investment disclosures are presented in Notes 2.A. and 3.A.

Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as “due to” and “due from” other funds. Short-term interfund loans are reported as “interfund receivables and payables.” Long-term interfund loans (noncurrent portion) are reported as “advances from and to other funds.” Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Assets. See Note 3.G. for details of interfund transactions, including receivables and payables at year-end.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances for the governmental activities include property taxes, sales and use taxes and franchise taxes. Business-type activities report utilities billings as their major receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as sales tax, franchise tax, and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Interest and investment earnings are recorded when earned only if paid within 60 days since they would be considered both measurable and available. Proprietary fund material receivables consist of all revenues earned at year-end and not yet received. Utility accounts receivable and interest earnings compose the majority of proprietary fund receivables. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

Inventories and prepaid items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Restricted assets

Cash, which is restricted to a particular use due to statutory, budgetary or bonding requirements, is classified as "restricted cash" on the Statement of Net Assets and on the Balance Sheets.

Capital Assets

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide Statements

In the government-wide financial statements, capital assets are accounted for as capital assets. Capital assets are defined by the City as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of two years. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets that are recorded at their estimated fair value at the date of donation.

Prior to July 1, 2002, governmental funds' infrastructure assets were not capitalized. These assets have been valued at estimated historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

Description	Years
Buildings and structures	30-50
Improvements other than buildings	20-50
Machinery and equipment	5-10
Furniture and fixtures	5-10
Infrastructure	20-40

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

Restricted Assets

Restricted assets include cash and investments of the proprietary fund that are legally restricted as to their use. The primary restricted assets are related to promissory note trustee accounts and utility meter deposits.

Long-term Debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term debt consists primarily of bonds and notes payable, and accrued compensated absences.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principle and interest reported as expenditures. The accounting for proprietary fund is the same in the fund statements as it is in the government-wide statements.

Compensated Absences

The City's personnel policies permits departmental heads to accumulate up to 480 hours and other employees to accumulate up to 120 hours of earned, but unused, vacation time. Accumulated vacation time will be paid to employees upon termination. Accumulated sick leave is paid upon termination or retirement at a rate of between 25% and 33% of the accumulated amount. The accrued liability is based on a 28% rate.

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

At June 30, 2010, the total liability for accrued vacation pay and the total liability for accrued sick leave is as follows:

	Liability Amount		
	Governmental Activities	Business -Type Activities	Total
Vacation Liability	\$ 722,443	\$ 285,877	\$ 1,008,320
Sick Leave Liability	417,239	176,148	593,387
Total Compensated Absences	<u>\$ 1,139,682</u>	<u>\$ 462,025</u>	<u>\$ 1,601,707</u>

The liability for these compensated absences is recorded as long-term debt in the government-wide statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred.

Equity Classifications

Government-wide Statements

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets—Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Fund Statements

Governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further split between designated and undesignated. Proprietary fund equity is classified the same as in the government-wide statements. See Note 3.H. for additional disclosures.

1.E. REVENUES, EXPENDITURES, AND EXPENSES

Sales Tax

Sales taxes are collected by the Utah State Tax Commission and are remitted to the City monthly. Sales taxes collected and held by the state at year-end on behalf of the City are also recognized as revenue.

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

Property Tax

Property taxes are based on the assessments against property owners. Tax levies on such assessed values are certified to Utah County prior to the commencement of the fiscal year. Property taxes become a lien on January 1 and are levied on the first Monday in August. Taxes are due and payable on November 1, and are delinquent after November 30 of each year. Property taxes are collected by the Utah County Treasurer and remitted to the City shortly after collection. The real property taxes that are due in November are reported as a receivable from property taxes on the financial statements. Because these taxes are not considered available to liquidate liabilities of the current period, they are offset by deferred revenue.

Operating Revenues and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities.

Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds—By Character:

- Current (further classified by function)
- Debt Service
- Capital Outlay

Proprietary Fund—By Operating and Non-operating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

Interfund Transfers

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purposes of the Statement of Activities, all interfund transfers between individual governmental funds and between individual business-type funds have been eliminated.

Use of estimates

Presenting financial statements in conformity with Generally Accepted Accounting Principles requires management to make certain estimates concerning assets, liabilities, revenues and expenses. Actual results may vary from these estimates.

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

NOTE 2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

By its nature as a local government unit, the City is subject to various federal, state, and local laws and contractual regulations. An analysis of the City's compliance with significant laws and regulations and demonstration of its stewardship over City resources follows.

2.A. DEPOSITS AND INVESTMENTS LAWS AND REGULATIONS

The City maintains a cash and investment pool that is available for use by all funds. In addition, investments are separately held by several of the City funds. Deposits are not collateralized nor are they required to be by State statute.

The City follows the requirements of the Utah Money Management Act (Utah Code Annotated 1953, Section 51, Chapter 7) in handling its depository and temporary investment transactions. This law requires the depositing of City funds in a "qualified depository." The Act defines a "qualified depository" as any financial institution whose deposits are insured by an agency of the federal government and which has been certified by the Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

The Act also defines the types of securities allowed as appropriate investments for the City and the conditions for making investment transactions. Investment transactions may be conducted through qualified depositories, certified dealers, or directly with issuers of the investment securities.

Statutes authorize the City to invest in negotiable or non-negotiable deposits of qualified depositories and permitted negotiable depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as "first tier" by two nationally recognized statistical rating organizations, one of which must be Moody's Investor Services or Standard & Poor's bankers' acceptances; obligations of the United States Treasury including bills, notes, and bonds; bonds, notes, and other evidence of indebtedness of political subdivisions of the State; fixed rate corporate obligations and variable rate securities rated "A" or higher, or the equivalent of "A" or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined by the Act; and the Utah Public Treasurers' Investment Fund.

The Utah Public Treasurers' Investment Fund (UPTIF) is an external deposit and investment pool wherein governmental entities are able to pool the monies from several entities to improve investment efficiency and yield. UPTIF is not registered with the SEC as an investment company. The UPTIF is authorized and regulated by the Utah Money Management Act. The Act establishes the Money Management Council, which oversees the activities of the State Treasurer and the UPTIF and details the types of

**SPANISH FORK CITY
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2010**

investments that are authorized. UPTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses, net of administration fees, of the UPTIF are allocated to participants on the ratio of the participant's average daily balance. The fair value of the UPTIF investment pool is approximately equal to the value of pool shares.

Certain assets are restricted by provisions of the revenue bond resolutions. The resolutions also describe how these restricted assets may be deposited and invested. Restricted cash may only be deposited in state or national banks meeting certain minimum net worth requirements or invested in securities representing direct obligations of or obligations guaranteed by the U.S. government, agencies of the U.S. government, any state within the territorial United States of America, repurchase agreements or interest bearing time deposits with state or national banks meeting certain minimum net worth requirements, or certain other investments.

2.B. REVENUE RESTRICTIONS

The City has various restrictions placed over certain revenue sources from state or local requirements. The primary restricted revenue sources include:

<u>Revenue Source</u>	<u>Legal Restrictions of Use</u>
Sales Tax	See Note 1.E.
Water and Electric Revenue	Debt Service and Utility Operations
Impact Fee Revenue	Capital Improvements
B & C Road Funds	Eligible B & C Roads

For the year ended June 30, 2010, the City complied, in all material respects, with these revenue restrictions.

2.C. DEBT RESTRICTIONS AND COVENANTS

General Obligation Debt

No debt in excess of total revenue for the current year shall be created by any city unless the proposition to create such debt shall have been submitted to a vote of qualified electors. Cities shall not contract for debt to an amount exceeding four percent of the fair market value of taxable property in their jurisdictions. For the year ended June 30, 2010, the City had no general obligation debt.

Other Long-term Debt

Cities may incur a larger indebtedness for the purpose of supplying such city water, sewer, or electricity when such public works are owned and controlled by the municipality. The additional indebtedness shall not exceed four percent for first and second class cities and eight (8%) percent for third class cities. For the year ended June 30, 2010, the City had \$32,885,328 of such indebtedness.

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

Bonds Payable

The various loan agreements relating to the notes payable issuances contain some restrictions or covenants that are financial related. These include covenants such as debt service coverage requirement and required reserve account balances. The following schedule presents a brief summary of the most significant requirements and the Authority's level of compliance thereon as of June 30, 2010.

Requirement	Level of Compliance
-------------	---------------------

a. Bonds Payable Coverage:

1. Net electric and water operating revenues (excluding depreciation) must equal 1.10 and 1.25 times the annual debt service plus the unfunded portion of the Debt Service Reserve Requirement to be due and payable for the forthcoming year on the 2000 Electric Revenue Bonds, the 2002 Water Revenue Bonds. Sales tax Revenue Bond 2007 must equal 2.0 times the annual debt service.

b. Reserve Account Requirement:

Various escrows are set up as reserves to make the annual debt payments. Minimum balances are required to be kept in each of the escrows.

2.D. BUDGETS AND BUDGETARY ACCOUNTING

Annual budgets are prepared and adopted in accordance with the Uniform Fiscal Procedures Act adopted by the State of Utah. Once a budget has been adopted, it remains in effect until it has been formally revised. Furthermore, in accordance with state law, all appropriations lapse at the end of the budget year. If any obligations are contracted for and are in excess of adopted budget, they are not a valid or enforceable claim against the City. Budgets are adopted on a basis consistent with generally accepted accounting principles. All funds of the City have legally adopted budgets.

The City adheres to the following procedures in establishing the budgetary data reflected in the financial statements.

- A. On or before the first regularly scheduled meeting of the City Council in May, the City administrator, authorized under state statute to be appointed budget officer, submits a proposed operation budget. The operating budget includes proposed expenditures and the means of financing them.
- B. A public hearing is held at which time the taxpayers' comments are heard. Notice of the hearing is given in the local newspaper at least seven days prior to the hearing. Copies of the proposed budget are made available for public inspection ten days prior to the public hearing.

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

- C. On or before June 22nd, a final balanced budget must be adopted through passage of a resolution for the subsequent fiscal year beginning July 1st.
- D. Control of budgeted expenditures is exercised, under state law, at the departmental level. The City Administrator, however, acting as budget officer, has the authority to transfer budget appropriations between line items within any department of any budgetary fund. The City Council, by resolution, has the authority to transfer budget appropriations between the individual departments of any budgetary fund.
- E. Budget appropriations for any department may be reduced by resolution.
- F. A public hearing as required in B above must be held to increase the total appropriations of any one governmental fund type; however, after the original public hearing, operating and capital budgets of proprietary fund types may be increased by resolution without an additional hearing.
- G. Encumbrances lapse at year end. Encumbered amounts carry over to the following year and are subject to re-appropriation. Therefore, no encumbrances are presented in the financial statements.

During the budget year, the City modified the budget on several occasions using the above procedures.

2.E. FUND EQUITY RESTRICTIONS

Utah Code 10-6-116(4) indicates only the “fund balance in excess of 5% of total revenues of the general fund may be utilized for budget purposes.” The remaining 5% must be maintained as a minimum fund balance. The maximum in the general fund may not exceed 18% of the total estimated revenue of the general fund. For the year ended June 30, 2010 it appears that the City’s general fund will exceed the 18% limit.

NOTE 3. DETAIL NOTES ON TRANSACTION CLASSES/ACCOUNTS

The following notes present detail information to support the amounts reported in the financial statements for its assets, liabilities, equity, revenues, and expenditures/expenses.

3.A. CASH AND INVESTMENTS

Deposits

Deposits – Custodial Credit Risk:

Custodial credit risk is the risk that in the event of a bank failure, the City’s deposits may not be returned to it. The City does not have a policy for custodial credit risk. As of June 30, 2010, The City’s custodial credit risk for deposits is as follows:

SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

	<u>Custodial Credit Risk</u>	Balance June 30, 2010
Depository Accounts	Insured	\$ 250,000
	Uninsured and uncollateralized	1,903,000
Total Depository Accounts		<u>\$ 2,153,000</u>

Investments

As of June 30, 2010 the government had the following investments and maturities:

	<u>Fair Value</u>	<u>Investment Maturity in Years</u>			
		<u>Less Than 1</u>	<u>1-5</u>	<u>6-10</u>	<u>More Than 10</u>
Investments in Public					
Treasurers'	\$37,559,632	\$37,559,632	\$ -	\$ -	\$ -
Bond Escrows	1,494,878	1,494,878	-	-	-
Money Market	1,598,891	1,598,891	-	-	-
Total Fair Value	<u>\$40,653,401</u>	<u>\$40,653,401</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City’s policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the State’s Money Management Act. Section 51-7-11 of the Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested.

Credit Risk – The City follows the requirements of the Utah Money Management act (Section 61, chapter 7 of the Utah Code) in handling its depository and investing transactions. City funds are deposited in qualified depositories as defined by the Act. The Act also authorizes the City to invest in the Utah Public Treasurers’ Investment Fund (UPTIF), trade commercial paper, bankers’ acceptances, repurchase agreements, corporate bonds, restricted mutual funds, and obligation of government entities within the State of Utah. The UPTIF is invested in accordance with the Act. The State Money Management Council provides regulatory oversight for the UPTIF. The degree of risk of the UPTIF depends upon the underlying portfolio. The act and Council rules govern the financial reporting requirements of qualified depositories in which public funds may be deposited and prescribe the conditions under which the designation of a depository shall remain in effect. If a qualified depository should become ineligible to hold public funds, public treasurers are notified immediately. The City considers the actions of the Council to be necessary and sufficient for adequate protection of its investments. The City has no investment policy that would further limit its investment choices. The UPTIF is unrated.

SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

The deposits and investments described above are included on the Statement of Net Assets as per the following reconciliation:

Reconciliation to Government-wide Statement of Net Assets:

FOR THE YEAR ENDED JUNE 30, 2010**

3.C. ACCOUNTS RECEIVABLE

Accounts receivable of the business-type activities and of the governmental activities at June 30, 2010, were as follows:

	Governmental Activities	Business-Type Activities	Total
Accounts receivables	\$ -	\$ 3,235,368	\$ 3,235,368
Property tax	1,451,326	-	1,451,326
Other tax	938,506	-	938,506
Allowance for doubtful accounts	-	(44,808)	(44,808)
Net accounts receivable	<u>\$ 2,389,832</u>	<u>\$ 3,190,560</u>	<u>\$ 5,580,392</u>

Governmental funds report *deferred revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *deferred revenue* and *unearned revenue* reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Property taxes receivable (general fund)	\$ 1,451,326	\$ -
	-	-
Total deferred/unearned revenue for governmental funds	<u>\$ 1,451,326</u>	<u>\$ -</u>

3.H. RESERVED FUND BALANCES

The City has reserved fund balance amounts for impact fees. The City has reserved net assets in the Proprietary Fund for unspent impact fees. These fees will be used to construct appropriate projects as designated by the impact fee ordinance. The City has reserved net assets in the Water Fund and the Electric Fund and fund balance in the Debt Service fund for the debt service requirements of the bonds acquired.

NOTE 4. OTHER NOTES

4.A. EMPLOYEE PENSION AND OTHER BENEFIT PLANS

The City participates in the following employee pension systems:

Local Governmental - Cost Sharing Defined Benefits Pension Plans

Plan Description. The City contributes to the Local Governmental Noncontributory Retirement System (Noncontributory System), and the Public Safety Retirement System (Public Safety System) for employers with (without) Social Security coverage, all of which are cost-sharing, multiple-employer defined benefit pensions plans administered by the Utah Retirement Systems (Systems). The Systems provide, retirement benefits, annual cost of living allowances, death benefits and refunds to plan members and beneficiaries in accordance with retirement statutes established and amended by the State Legislature.

The Systems are established and governed by the respective sections of Chapter 49 of the Utah Code Annotated 1953 (Chapter 49) as amended, which also establishes the State Retirement Office (Office) for the administration of the Utah retirement Systems and Plans. Chapter 40 places the Systems, the Office and related plans and programs under the direction of the Utah State Retirement Board (Board) whose members are appointed by the Governor. The Systems issue a publicly available financial report that includes financial statements and required supplementary information for the Systems and Plans. A copy of the report may be obtained by writing to the Utah Retirement Systems, 540 East 200 South, Salt Lake City, Utah 84102 or by calling 1-800-365-8772.

Funding Policy. The City is required to contribute a percentage of covered salary to the respective systems, 11.66% to the Noncontributory, and 23.34% to the Public Safety Noncontributory. The contribution rates are the actuarially determined rates and are approved by the Board as authorized by Chapter 49.

The City contributions to the various systems for the years ending June 30, 2010, 2009, and 2008 were; for the Noncontributory System \$687,518, \$705,141 and \$678,292; for the Public Safety Noncontributory \$ 318,149, \$307,787 and \$309,578 respectively. The contributions were equal to or greater than the required contributions for each year.

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

401(k) Plan

The employees of City also participate in a 401(k) deferred compensation plan with MetLife. The amount of the employer contributions for the year ended June 30, 2010, 2009 and 2008, were \$501,533, \$ 480,074, and \$ 436,115, respectively.

4.B. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other government in the State of Utah to form the Utah Risk Management Mutual Association (URMMA), a public entity risk pool currently operating as a common risk management insurance program for the Utah State governments. The City pays an annual premium to URMMA for its tort liability insurance coverage.

4.C. COMMITMENTS AND CONTINGENCIES

The City is involved in claims arising in the normal course of business. It is not possible to state the ultimate liability, if any, in these matters. In the opinion of management, such litigation will have no material effect on the financial operations of the City.

4.D. JOINT VENTURES

Utah Municipal Power Agency

In September, 1980, Spanish Fork City joined in a joint venture with several other municipalities to create the Utah Municipal Power Agency (UMPA). UMPA was created under the Inter-local Cooperation Act to evaluate, finance, construct and operate facilities for the generation, transmission and distribution of electric power for member cities.

Additional information is as follows:

a. Participants and their percentage shares:

Spanish Fork City Corporation	9.409%
Provo City Corporation	80.540%
Nephi City Corporation	5.839%
Manti City Corporation	2.164%
Salem City Corporation	1.446%
Levan Town	<u>0.602%</u>
	100.000%

- b. UMPA is governed by a Board of Directors which is comprised of six directors. The Mayor and City Council of each member-City appoints one director. All decisions of the Board are made by majority vote, except in specific decisions as described in the Inter-local Cooperation Agreement

**SPANISH FORK CITY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

which stipulates that votes shall be by number of kilowatt hours sold. For Provo to prevail in a tie vote, they would need one additional city to vote with them.

- c. The UMPA Board of Directors governs the operations of the Agency through management employed by the Board. Since UMPA is subject to the same laws as the creating entities, it must follow State law for cities in the areas of fiscal management, budgeting, and financing.
- d. Audited summary financial information of UMPA at June 30, 2010 is as follows from UMPA:

	<u>UMPA</u>	<u>Spanish Fork City's Share</u>
Total assets	<u>\$ 44,001,619</u>	<u>\$ 4,140,112</u>
Total liabilities	<u>\$ 44,001,619</u>	<u>\$ 4,140,112</u>
Total net assets	<u>\$ -</u>	<u>\$ -</u>
Total operating revenues	\$ 62,428,536	\$ 5,873,901
Total operating expenses	<u>(69,532,515)</u>	<u>\$ (6,542,314)</u>
Net operating income	(7,103,979)	12,416,215
Total non-operating income (expenses)	<u>7,103,979</u>	<u>668,413</u>
Change in net assets	<u>\$ -</u>	<u>\$ -</u>

The joint venture has the following long-term debt:

Revenue bonds payable	<u>\$ 27,646,317</u>	<u>\$ 2,601,242</u>
-----------------------	----------------------	---------------------

- e. Audited financial statements for Utah Municipal Power Agency are available at UMPA's office.

NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010**

South Utah Valley Solid Waste District

Spanish Fork City joined in a joint venture with several other municipalities to create the South Utah Valley Solid Waste District (the District). The District was created for the purpose of building a landfill and transfer station and operating the same for the benefit of member municipalities. The majority of the District's sanitation service revenue comes from these governmental entities.

Additional information is as follows:

- a. Participants and their percentage shares:
- | | |
|------------------------------------|-----------------|
| Spanish Fork City Corporation | 11.750% |
| Provo City Corporation | 69.750% |
| Springville City Corporation | 15.000% |
| Mapleton City Corporation | 2.000% |
| Salem City Corporation | 1.500% |
| Goshen Town (Landfill participant) | <u>0.000%</u> |
| | <u>100.000%</u> |
- b. The District is governed by a Board of Directors which are comprised of six directors. The Mayor and City Council of each member appoints one director. All decisions of the Board are by majority vote, except in the case of a tie. In a tie, the votes would be taken by tonnage. For Provo to prevail in a tie vote they would need one additional city to vote with them.
- c. The District's Board of Directors governs the operations of the District through management employed by the Board. Since the District is subject to the same laws as the creating entities, it must follow State law for cities in the areas of fiscal management, budgeting and financing.

FOR THE YEAR ENDED JUNE 30, 2010**

Spanish Fork/Springville Airport

The City is party to a joint venture with Springville, a neighboring municipality, in the Spanish Fork/Springville Airport (the airport). The joint venture is organized as a special service district of the cities of Springville and Spanish Fork under an inter-local agreement per Section 11-13 of the Utah Code. It was created to provide airport services for both communities. Additional information is as follows:

- a. Participants and their percentage shares:
 - Springville City 50.00%
 - Spanish Fork 50.00%
- b. The Airport is governed by it's own board which is selected from members of the participants' City councils and other citizens of the two communities.
- c. The Airport board governs the operations of the airport through management employed by the board. The Airport is subject to the same laws as the creating entities, therefore, it must follow Utah State laws for cities in the areas of fiscal managements, budgeting and financing. As the governing board is made up of the participants' city councils and appointees, each participant has indirect control over these matters.
- d. Summary financial information, as of the joint venture's last year end of June 30, 2010, is as follows:

	<u>Springville Airport</u>	<u>Spanish Fork City's Share</u>
Total assets	<u>\$ 5,547,711</u>	<u>\$ 2,773,856</u>
Total liabilities	<u>\$ (44,984)</u>	<u>\$ (22,492)</u>
Total net assets	<u>\$ 5,502,727</u>	<u>\$ 2,751,364</u>
Program revenues	\$ 261,790	\$ 130,895
General revenues	5,017	2,509
Program expenses	<u>(273,070)</u>	<u>(136,535)</u>
Change in net assets	<u>\$ (6,263)</u>	<u>\$ (3,132)</u>

- e. Audited financial statements for the Spanish Fork/Springville Airport are available at the Airport offices, 50 South Main, Springville, Utah.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON
INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN
AUDIT OF BASIC FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

December 6, 2010

The Honorable Mayor and
Members of the City Council
Spanish Fork City, Utah

Mayor and Council Members:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Spanish Fork City, Utah (herein referred to as the "City"), as of and for the year ended June 30, 2010, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 6, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the City's financial statements that is more than inconsequential will not be prevented or detected by the City's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City, in the attached letter dated December 6, 2010.

This report is intended for the information of the Mayor and City Council, management, others within the entity, and various federal and state funding and auditing agencies and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON STATE LEGAL COMPLIANCE

December 6, 2010

The Honorable Mayor and
Members of the City Council
Spanish Fork City, Utah

Mayor and Council Members:

We have audited the basic financial statements of the Spanish Fork City, Utah, as of and for the year ended June 30, 2010, and have issued our report thereon dated December 6, 2010. As part of our audit, we have audited the City's compliance with the requirements governing types of services allowed or un-allowed; eligibility; matching, level of effort, or earmarking; reporting; special tests and provisions applicable to each of its major State assistance programs as required by the State of Utah's Legal Compliance Audit Guide for the year ended June 30, 2010. The City received the following major State assistance programs from the State of Utah:

B&C Road Funds (Department of Transportation)
Liquor Law Enforcement

Our audit also included test work on the City's compliance with those general compliance requirements identified in the State of Utah Legal Compliance Guide, including:

Public Debt
Cash Management
Purchasing Requirements
Budgetary Compliance
Truth in Taxation and Property Tax Limitations
Other General Compliance Issues
Uniform Building Code Standards
Impact Fees and Other Development Fees
Asset Forfeiture
Utah Retirement Systems
Fund Balance

The management of Spanish Fork City, Utah, is responsible for the City's compliance with all compliance requirements identified above. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

The results of our audit procedures disclosed immaterial instances of noncompliance with the requirements referred to above, which are described in the attached management letter dated December 6, 2010. We considered these instances of noncompliance in forming our opinion on compliance, which is expressed in the following paragraph.

In our opinion, Spanish Fork City, Utah, complied, in all material respects, with the general compliance requirements identified above and the requirements governing types of services allowed or un-allowed; eligibility; matching, level of effort, or earmarking; reporting; and special tests and provisions that are applicable to each of its major State assistance programs for the year ended June 30, 2010.

SPANISH FORK CITY
COMMUNICATION TO THOSE
CHARGED WITH GOVERNANCE
JUNE 30, 2010

LARSON & ROSENBERGER LLP
CERTIFIED PUBLIC ACCOUNTANTS

December 6, 2010

The Honorable Mayor and
Members of the City Council
City of Spanish Fork, Utah

Mayor and Council Members:

We have audited the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Spanish Fork City for the year ended June 30, 2010. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and Government Auditing Standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated June 30, 2010. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

No significant audit findings noted.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Spanish Fork City are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2010. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

State Compliance Findings – Current Year

General Fund Balance

Finding:

Utah Code 10-6-116 indicates that only the "fund balance in excess of 5% of total revenues of the general fund may be utilized for budget purposes." The remaining 5% must be maintained as a minimum fund balance. The maximum in the general fund may not exceed 18% of the total estimated revenue of the general fund. The city exceeded the authorized limitation of 18% in regards to the ending undesignated fund balance of the general fund.

Recommendation:

We recommend that the City comply with state requirements, or codes in regards to fund balance. If funds are being accumulated for future use, we recommend that the city reserve those funds through the necessary approval process.

Client Response:

Management is aware of the problem. The City budgeted for certain capital projects that were not completed during the year, but will be completed during the next fiscal year. Transfers and budget adjustments have already been made in the next fiscal year to bring the city into compliance.

Status of Internal Control Findings – Prior Year

Reversal of prior year closing entries

Finding:

It was noted during our audit that the entry to reverse the prior year accrual of grant revenue was not made in the River Reclamation Capital Projects Fund. The result of this error would have been an overstatement of revenue and an overstatement of grants receivable. This entry was proposed to and made by management.

Recommendation:

We recommend that all necessary journal entries be made by client.

Status:

No issues noted during current year audit.

Status of State Compliance Findings – Prior Year

General Fund Balance

Finding:

Utah Code 10-6-116 indicates that only the “fund balance in excess of 5% of total revenues of the general fund may be utilized for budget purposes.” The remaining 5% must be maintained as a minimum fund balance. The maximum in the general fund may not exceed 18% of the total estimated revenue of the general fund. The city exceeded the authorized limitation of 18% in regards to the ending undesignated fund balance of the general fund.

Recommendation:

We recommend that the City comply with state requirements, or codes in regards to fund balance. If funds are being accumulated for future use, we recommend that the city reserve those funds through the necessary approval process.

Status:

See Current year findings.
