AVOID OVERHEAD POWER LINES

Look up for power lines before using a ladder outside. Stay as far away from power lines as possible. Do not get closer than 10 feet to any power line. It is best to use wood or fiberglass ladders. Carry ladders down by your side, not with the end up.

Do not trim trees around power lines, call the City at (801) 804-4541. Do not plant new trees under power lines. If you ever see any downed power lines stay away, keep others away, and call 911.

SHEPHERD HOOKS AT THE CEMETERY

Currently, cemetery decoration policy states that one (1) Shepherd Hook (vertical structure) is allowed for each burial position. Shepherd Hooks and vertical structures are currently allowed all year long.

Beginning March 2, Spanish Fork City will allow the use of shepherd hooks and vertical structures for decorations the week of Memorial Day and from November 1 - March 1. Shepherd hooks & vertical structures will not be allowed during the lawn maintenance season (March 2 - October 31).

For more information on this change and to complete a short cemetery usage survey, please visit spanishfork.org/cemetery.

GREEN WASTE DISPOSAL

Residents can download three (3) free vouchers a year that allow them to take loads of green waste to the transfer station, located at the north end of Main Street (2450 West 400 South in Springville).

Each voucher gives an \$8 credit for each load. This is the typical charge for a pickup truck sized load of covered green waste or 440 lbs of green waste.

You will need to download, print and bring the paper copy of the voucher to the transfer station when you drop off your green waste. They will not accept the vouchers electronically. Vouchers are scanned to ensure that no more than 3 are used for each residence. Download vouchers at spanishfork.org/greenwaste.
